Dear Sir,

Referring to your visit to Srinakharinwirot University and your workshop on Jade: Enhancement and Identification on August 23-25, 1999. I am writing on behalf of all the participants from various universities and also the Ministry of University Affairs to thank you very much for your lecture. The topic of jade and the enhancement is very important to our trade and being lecturers in the universities, we should concern and have knowledge about this matter. Therefore, your workshop was very useful to our university lecturers for their new knowledge and also could bring about new research topics.

Thank you again for your kind cooperation and hope that you will have a chance to come to our country again in the future.

Sincerely yours,
